Adolf,

I received your message and I need to address several important points with you.

Respect and Responsibility: You and my daughter have made choices that have significant consequences. While you may feel at peace with your decisions, they have deeply affected our family, especially my wife and I.

Next is about Fornication and Consequences: The fact that this happened in my home while I was away is particularly distressing. Fornication is against my beliefs, and it has brought a lot of pain and disappointment.

Disrespect: Your message to me, as her father, was disrespectful. It's important to understand the gravity of your actions and the impact they have on our family.

Future and Curses: I believe that my daughter and her descendants will face challenges because of these actions. This is a serious matter that affects not just the present but the future as well.

Generation Curse: As a result every children born from her womb shall be cursed from Generation to Generation. Girls will see their pregnancy without a father and boys give birth to any girls they find on the street.

Birthright: As a result of these events, I am transferring my elder daughter's birthright to my third-born daughter. This decision is final and reflects the seriousness of the situation.

Decent: As far as decent is concern she is not counted as my daughter but as a foregner and outcast.

I hope you understand the weight of these words and the importance of respecting our family and our values.

Hi Tania

I am going to delete all your photos and pictures from my album and though you are not my daughter. I have only Jared, Heather and Yachal. Your phone number is going to be deleted from phone. Don't come back to me and mummy, you are on your own. All our spendings on you since birth till now is wiped off. I don't need your money. Your marriage is your problem. You never admit you are wrong all you say is "it was a mistake". I never will never release you. You are on your own. I will never except any bride price. None finish. You are done. Don't call Jared, Heather and Yachal they are not your siblings. Don't call mummy, she is not your mummy. You find your own mummy and daddy.

# Despite my Plea on WhatsApp she failed to listen to me.

Hi Tania,

I hope you're doing well. I wanted to talk to you about something that's been on my mind since. The message from Adolf your boyfriend, and it left me feeling very hurtful and worried. I understand that you both have your own plans and priorities, but I want you to know that my main concern is your safety and well-being and your future. I will never allow you to marry him. That is my final word. If you decided to marry him. I will turn my back on you and will never see you in my entire life. What ever problem you face don't turn to me. This message has been printed and it has been framed.

I love you very much and only want the best for you. It is very painfull to cut you off from my life. But I am still going to do it if you decided to marry Adolf.

If decided to repent and renounce this relationship I will except you, forgive you and have you back as my elder daughter but for your birth right you lost it.

So Let's try to find a way to communicate and resolve this situation together. Your happiness and health are what matter most to me.

Please take care and let's talk soon.

Love,  
Daddy
